Sunday School Topics

For the next couple of months in the middle school they will be studying Heaven. There lessons are based off of Randy Alcorn's book by the same name.

In the High school we will be diving into the book "The Case for Faith" by Lee Strobel. Topics include, How can a good God allow suffering?, With science and evolution, who needs God?, Is it intolerant to claim Jesus is the only way to God?, and How could a loving God send people to hell?

We look forward to the discussions that both classes will have, don't be afraid to ask your kids lots of questions and see what they are learning.

Sno Glo Report

We had 11 teens go to the middle school weekend and 25 go to the high school weekend this year. We are happy to report that we had safe passage down the tubing hill and that everyone was safe throughout the weekend.

This year the groups had two different speakers and it was noted that the middle school speaker was an excellent communicator and challenged the teens on many levels. With the high school we concentrated on our small group breakout sessions to really challenge the teens to understand the importance of not holding back in the relationship with God and that the consequences for a "lukewarm" lifestyle is not worth it in the end. As always the groups had a great time hanging out, playing games, and competing in the different sports tournaments. Both groups did fairly well in the dodgeball tournament and the middle school looked great with some matching tie dye t-shirts. We know that God works in mighty ways through the Sno Glo weekends and we are trusting that beyond the fun, the teens will remember this a time where they got to know Jesus better.

FUSION

This month FUSION is on the 17th and we are featuring a group named Your Way

Out. One of the members is Ben Hartzell and we are excited about his group coming to play. WARNING: it will be loud that night in the gym, so consider yourself warned.

This is the perfect place for teens to invite teens, we will have some projection video games going on, snacks and a small group discussion time where we will be talking about how to support a friend who is hurting. It will be a great night to be with us.
